Your Initial-Concept Design is for the purpose of spatial-planning and obtaining a budgetary quote. Some room dimensions, cabinet sizes, and appliance selections may be assumed and/or approximate. When using a "Concept-Only" drawing, it is the customer's responsibility to ensure that their cabinets and appliances fit properly within their space. It is of utmost importance that you verify the cabinet dimensions on your quote for accuracy before placing your order as changes from the prelim drawing and initial quote may have occurred. For a more detailed and customized drawing, please talk to your sales rep about collaborating with a designer from Cabinet Joint's Premium Design service. Thank you for your interest in our products!
