### DESIGN REVIEW PROCESS

Thank you for your interest in our design services! We look forward to completing this project with you!

**Step 1**: Review your design and compile a list of questions to discuss with your Cabinet Coach.

Some things to do/consider as you review your layout:

- Measure your space again to ensure proper room dimensions were shown on the drawing.
- Double-check your measurements for ALL window and door openings. Be sure to account for the width of trim in your window/door measurements.
- Which cabinet sides will be visible and therefore require a finished end?
- Do you have uneven floors or ceilings? If so, be sure to account for those differences as you determine your cabinet heights.
- Are there room obstructions? (i.e. soffits, plumbing, vents, duct work, etc.) Be sure to note them on your drawing.

**Step 2**: After your questions have been answered by your Cabinet Coach, please submit a numbered list of changes for updating your design/quote.

Example list of revisions:

- 1. Change Cabinet #4 from a B18 to a B3D18
- 2. Change the wall cabinet height to 36"
- 3. Make Cabinet #12 a Trash Pull-Out
- 4. Please add a 30" pantry to the right of Cabinet #2
- 5. Add lightrail B11

**IMPORTANT**: Your first set of revisions are complimentary. Additional revisions will result in an automatic upgrade from a Basic Design to a Value Design for \$150. Subsequent revisions will be invoiced at \$80/hour.

For customers interested in speaking directly with a designer, we now offer a Design Consultation. Rates are \$150 for 30-minutes or \$300 for 60-minutes. Ask your Cabinet Coach how to get started.

**Disclaimer**: This design is the result of information that you, the customer, have provided to Cabinet Joint for the purpose of visualizing your cabinet layout before placing an order. It is the sole responsibility of the customer to verify all room dimensions, cabinet sizes, and appliance openings before placing that order. If you would prefer to consult with a designer for a more detailed and customized drawing, we suggest you speak with your cabinet coach about our Design Consultation or Pro Design services.
