## Premium Edge Profiles

Additional charge per door.  
These three profiles require 2 additional working days.

**L-297\***  
3/4" and 1"

**L-304**  
3/4" and 1"  
5° back bevel

**LC-Inset\***  
3/4" and 1"

\* Drilling for concealed hinges is available on doors with these profiles.  
+ FEP Option available.  
Images shown are not to scale.

## FEP Rabbet Option

An additional charge per door. No additional lead-time.

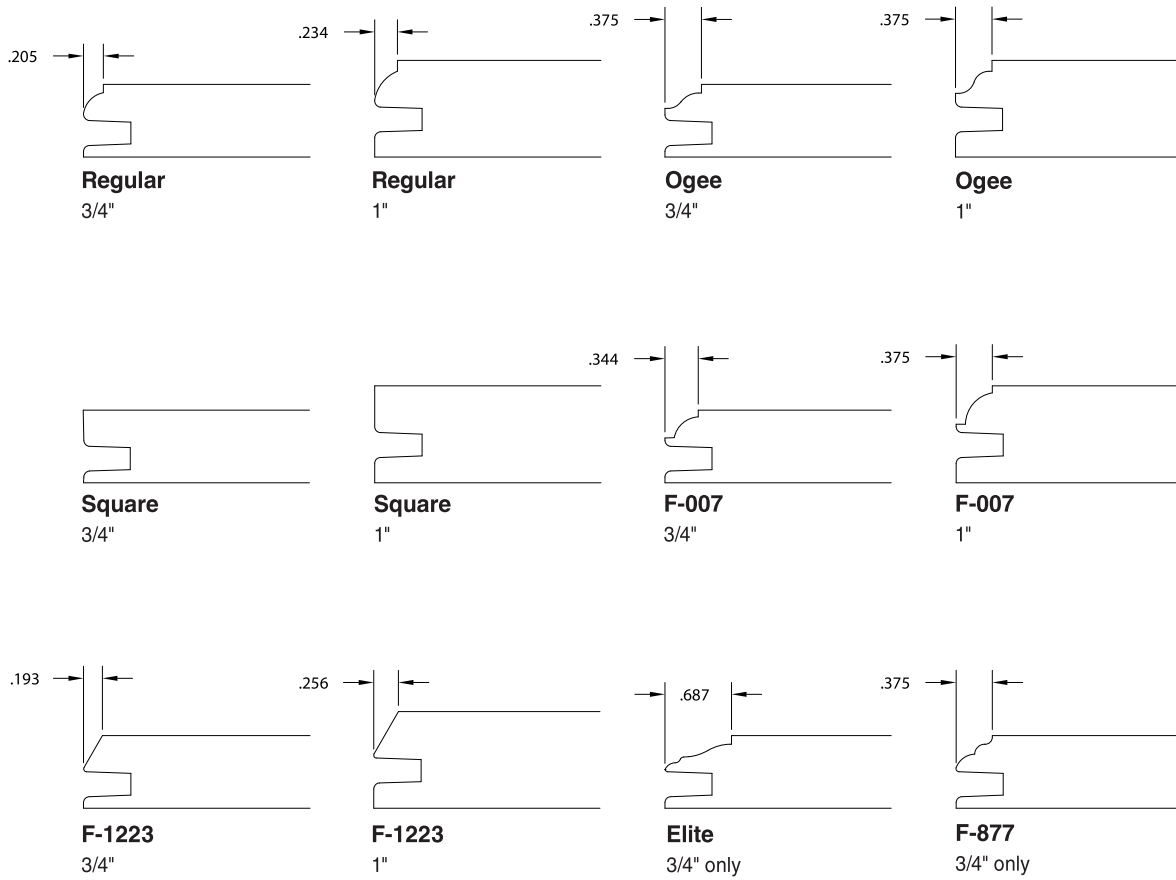

L-149 edge with FEP rabbet option

- Designed for use as a "finished end panel" to be used with Conestoga Cabinet Systems.
- All profiles marked with a + indicate FEP rabbet option is available.
- Available on 3/4" designs only.

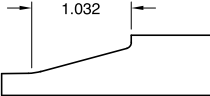

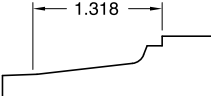

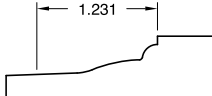

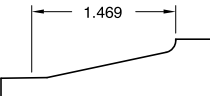

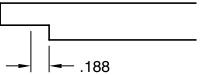

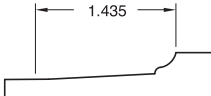

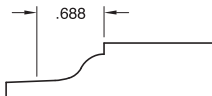

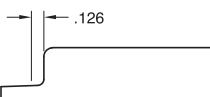

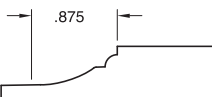

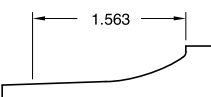

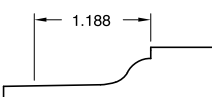

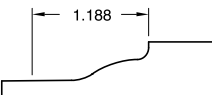

Not all framing beads are available with all door designs – See Options and Availability pages. Design Charges include choice of published framing bead and panel raise.

### Framing Beads

Not all panel raises are available with all door designs – See Options and Availability pages. Design Charges include choice of published framing bead and panel raise.

**Panel Raises** (dimensions shown are for 3/4" thick products only)

|   |   |  |   |
|---|---|--|---|
| <br><b>Slant</b><br>3/4" and 1"            | <br><b>G-Cove</b><br>3/4" and 1" | <br><b>Louis XIII</b><br>3/4" only | <br><b>M-Bead</b><br>3/4" and 1"     |
| <br><b>P-008</b><br>3/4" and 1"            | <br><b>P-057</b><br>3/4" and 1"  | <br><b>P-106</b><br>3/4" only      | <br><b>P-125</b><br>3/4" only        |
| <br><b>P-225*</b><br>3/4" only             | <br><b>P-420</b><br>3/4" only    | <br><b>P-602</b><br>3/4" only      | <br><b>Presidential</b><br>3/4" only |
| <br><b>Reverse G-Cove</b><br>3/4" and 1" | <br><b>RM</b><br>3/4" and 1"    |  |   |

\*P-225 raise not available when Colourtones, primers or Prism Paints are ordered.

All published 3/4" and 1" raises are available in hybrid products. Hybrid products consist of MDF panel and solid wood framing. 3/4" thick doors measure 5/8" finished panel thickness except Reverse G-Cove and P-057 which measure 3/8" thick and P-106 which measures 1/2" thick.

1" thick doors measure 3/4" finished panel thickness except Reverse G-Cove and P-057 which measures 1/2" thick.

## Options

### 5/16" Square and Diamond Pegs

- For F-007, F-877, F-1223, Regular, Ogee and Square framing beads, pegs will be centered on stile one half of the total width of the stile and one half of the total width of the rail.
- For Elite framing bead submit dimensioned sketch showing peg location.
- When ordering two pegs per corner, specify either diagonal Square or diagonal Diamond pegs.
- Pegs will be sanded flush with face of framing.
- Available in all published species; peg specie must be specified.
- Multi-panel doors will be drilled for one peg at each interior joint, if requested.

### 5/16" Pyramid Pegs

- Pyramid Pegs will ship loose and doors will be pre-drilled to accept pegs.
- Pegs will be centered on stiles one half of the total width of the stile and one half of the total width of the rail.
- For Elite framing bead submit dimensioned sketch showing peg location.
- When ordering two pegs per corner, order as diagonal pyramid pegs.
- Multi-panel doors will be pre-drilled for one peg at each interior joint if requested.
- Available in all published species; peg specie must be specified.

### Radius Corners

- Specify 1/8", 1/4", 1/2" or 1" radius.
- Available with B-2, C-2, CFP-2, H-2, L-059, L-149, L-281, L-772, L-1160, LC-2, Machine Edge, PRS-2 and V-2 edge profiles only.
