

Custom Prism Paints

The **Custom Prism Paint** collection offers a premium palette of over 1,500 opaque colors, matched to Sherwin-Williams paint selections. Fan deck samples are for reference only. To ensure confidence in your final color, we **strongly recommend ordering a sample door** in the selected finish before placing a full cabinetry order.

Custom Prism Paints are a premium choice, typically costing 25-45% more than standard Colourtone Paint selections. Each swatch is labeled with its tone and corresponding price tier.
