Vesta Standard Options

Omit Shelving (OS)

- Omits interior shelving in Wall, Base and Tall cabinets.
- Wall and Base Omit Shelving Option deletes all shelves.
- Tall cabinets: specify top, bottom or all shelves.
- Omits shelving only; if shelf holes are not required, specify No Shelf Hole Option.
- Use Conestoga's online ordering system, Con-Nex or Conestoga order entry for pricing.

No Shelf Hole Option (NSH)

- Omits shelf holes in Wall, Base and Tall cabinets.
- Most Wall and all Base, the No Shelf Hole Option deletes all holes.
- Two Tiered Wall cabinets (TTW) and Tall cabinets: specify top, bottom or all holes.
- Omit shelf holes only; if shelves are not required, also specify Omit Shelving Option.
- No upcharge.

No Hinge Hole Drilling (NHH)

- Omits 5mm hinge hole boring on any cabinet that is preconfigured with doors.
- Most Wall and all Base cabinets, the No Hinge Hole Drilling Option deletes all hinge holes.
- Two Tiered Wall and Tall cabinets: specify top, bottom, or all hinge holes.
- Omits hinge holes only; if hinges are not required, also specify Omit Hinges.
- No upcharge.

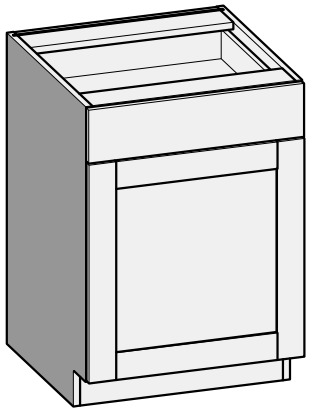

No Drawer Slide Hole Drilling (NDSH)

- Omits 5mm drawer slide hole boring on any cabinet that is preconfigured with drawers.
- No Drawer Slide Hole Drilling Option deletes all drawer slide holes.
- Omits drawer slide holes only; if drawer slides are not required, also specify omit drawer slides.
- No upcharge.

Matching Case Color (MCC)

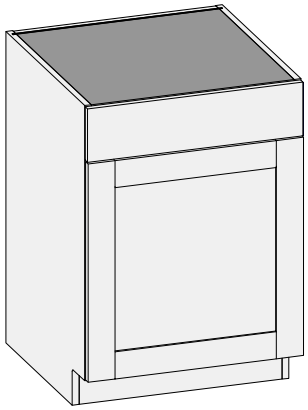

- Cabinet interior, exterior, and edgeband color match the door and drawer front color.
- Available on most Vesta cabinet configurations unless specifically noted as Unavailable Option.
- Matching Case Color is available in all published Intrigue TTS, Strata TTS and Vogue TTS colors.

Exposed Ends (EXP)

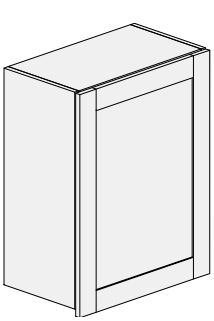

- Matching specie veneer on exterior cabinet sides with UV topcoat White Birch interior.
- Specify: “L” (Left), “R” (Right) or “B” (Both).
- Use Conestoga’s online ordering system, Con-Nex or Conestoga order entry for pricing.

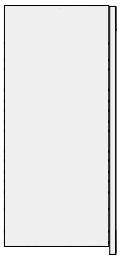

Dust Top (DT)

- Full top in place of stringers.
- Use Conestoga’s online ordering system, Con-Nex or Conestoga order entry for pricing.

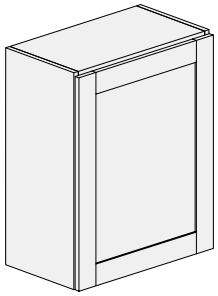

Custom Top and Bottom Reveals (CTR & CBR)

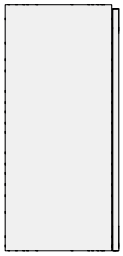

Standard Reveal

CBR: Extended

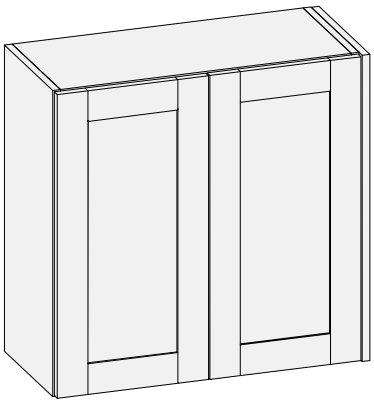

CTR: Reveal

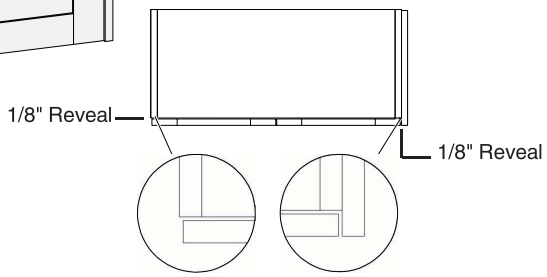

CBR: Flush

- Reduces or increases door height based on desired reveal on the top or bottom of door.
- Three reveal options are available that can be used in conjunction with each other. Illustration shows one example of each along with the standard reveal.
- Flush (F) – Door is flush with top or bottom of cabinet.
- Reveal (R) – Reveal is the distance from end of door to top or bottom of cabinet. Customizable in 1/16” increments from 1/16” to 3/4”.
- Extended (E) – Extends door past the top or bottom of cabinet. Customizable in 1/16” increments from 1/16” to 1”.
- Specify CTR for custom top reveal followed by the desired reveal or extension.
- Specify CBR for custom bottom reveal followed by the desired reveal or extension.
- When Flush is selected, the distance is set to zero.
- Predrilled hinge hole locations on cabinet sides are adjusted automatically based on reveals selected.

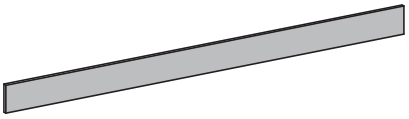

Increased Side Reveal (ISR)

- Reduces door or drawer front width to provide 1/8” reveal at the end of a run to maintain standard 1/8” reveals.
- Top & Bottom reveal remain unchanged.
- Specify ISR right, Left, or Both.
- Available on most Wall, Base, Tall, and Vanity Cabinets.
- Available on most Base and Tall cabinets.
- Use Conestoga’s online ordering system, Con-Nex or Conestoga order entry for pricing.

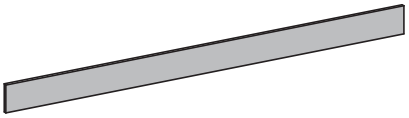

Toeboard Strips

- TE2001 - 3/4” thick particleboard core 96” x 4”.
- Toeboard Strips are edgebanded on 4 edges.
- Material colors – All published Intrigue TTS, Strata TTS and Vogue TTS colors.
- Order as a loose part; specify material color.
- Moulding Cut-Down Option is available on Toeboard Strips to combat the exorbitant fees freight carriers are charging for packages 96" or longer.
- Option cuts down Toeboard Strip to 90".
- To order specify "Cut-Down to 90 Inch" Option.

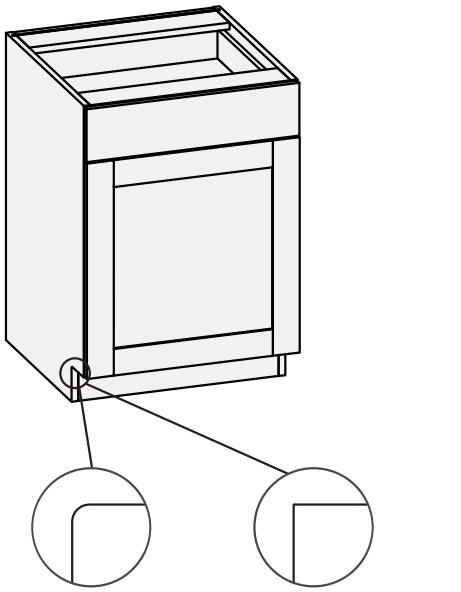

Plywood Toeboard Strips

- 1/2" thick 96" x 4" Plywood Toeboard Strips available in Cherry, Hard Maple or Red Oak.
- Order as a loose part; specify specie.
- Moulding Cut-Down Option is available on Plywood Toeboard Strips to combat the exorbitant fees freight carrriers are charging for packages 96" or longer.
- Option cuts down Toeboard Strip to 90".
- To order specify "Cut-Down to 90 Inch" Option.
- Upcharge applies; use Conestoga’s online ordering system, Con-Nex or Conestoga order entry for pricing.

SOSS Hinge Option

- SOSS Hinge Model 204 Invisible Hinge provides 180 degree bi-fold hinge for corner pie cut cabinets.
- Available with WCP/CSWCP, WCPLS/CSWCLPLS, BCP/CSBCP and BCPLS cabinets.
- Available in Brass or Chrome finish; specify finish when ordering.
- Includes SOSS hinge boring; routs are placed 9" off center, measure from the vertical center of the door to the start of the rout.
- Not available on doors over 42" high or under 25-1/8" high.

Blum Full Access Cabinetry Hinge Program

Hinge and in-line mounting plate systems for standard, specialty and angled Full Access cabinets.

Soft close feature is integrated within the hinge cup itself unless otherwise noted.

Soft close function can be easily deactivated with a switch on individual hinges as needed based on the door size and weight.

Hinges packaged in pairs with mounting plates and instructions.

No screws required for hinge or mounting plate installation unless otherwise noted. Most hinges use cam style insert plugs.

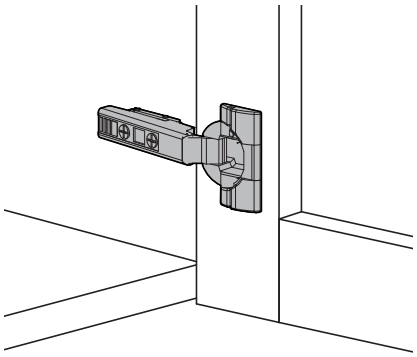

In-line mounting plates utilize 32mm system holes and are concealed behind the hinge arm when installed for a clean interior appearance.

Hinge and mounting plate feature side to side, height and depth adjustment for fine tuning of door spacing.

Hinges require Pattern B with Insert Holes concealed hinge boring unless otherwise noted.

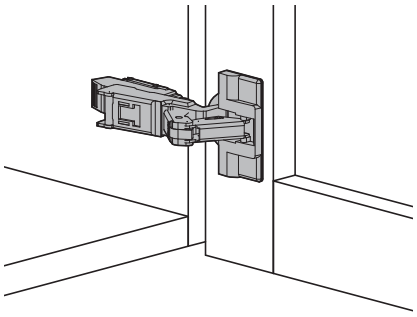

Blum hinges carry a limited lifetime warranty.

Lead-time is 5 days.
